#hiring | Co-Founder & CTO @ENITIATE | Raising Pre-Seed |
Mentor | Helping techies land their dream job | IIM Indore & MIT
Alumnus

Bengaluru, Karnataka, India

Summary

Certified Tech Mentor, Scrum Master, and Co-Founder of ENITIATE,
I'm passionate about empowering the next generation of tech
professionals. With academic credentials from IIM Indore and
MIT, and hands-on experience as a full-stack developer, I've built
numerous scalable applications. My journey has led me to recognize
the challenges freshers face, inspiring me to establish a unique
mentorship channel. Through personalized career roadmaps, and a
supportive friend's approach, I aim to transform young professionals'
perspectives on technology and their career trajectories. Let's
connect and innovate together!

Experience

Turbostart
Product Manager
December 2023 - Present (3 months)
Bengaluru, Karnataka, India

ENITIATE
Chief Technology Officer
March 2023 - Present (1 year)
Bengaluru, Karnataka, India

* Strategic Tech Leadership: Orchestrated Enitiate's tech strategy, ensuring
alignment with overarching business goals and market evolution.

* Java & Spring Framework Backend Development: Championed Java
backend development, leveraging Spring Boot, MVC, and Data for robust,
scalable solutions.

* Performance Enhancement via DSA & Multithreading: Utilized Data
Structures and Algorithms, coupled with multithreading, to optimize system
performance.

* Cloud Technology Integration: Expertly integrated GCP, UserPool, Firebase,
and GCP buckets, harnessing cloud solutions for scalability and efficiency.

* CI/CD & Version Control with Cloud Build & GitHub Actions: Implemented CI/CD pipelines using Cloud Build and GitHub Actions, enhancing development efficiency.
* Innovative Product Development: Guided cutting-edge product development, incorporating Docker, MongoDB, and Redis.
* Mentoring & Development of Intern Team: Mentored a team of 10 interns, focusing on practical tech skills, resulting in successful career placements post-internship.
* Resource Management & Allocation: Strategically managed resources, balancing technology investments and human capital development.
* Web Development Proficiency: Spearheaded web development initiatives using React, TypeScript, and Next.js, enhancing user experience and interface design.
* Mobile App Development with Flutter: Drove mobile application development using Flutter, delivering cross-platform functionality and seamless user experiences.

TRANSO
1 year

Team Lead
June 2022 - March 2023 (10 months)
Bengaluru, Karnataka, India

• Facilitated Scrum ceremonies and ensured that the team followed Agile principles and
practices.
• Led a team of developers in the delivery of enterprise software, planning, scheduling
and executing all stages of the project.
• Assessed business implications for each project phase and monitored progress to meet
deadlines, standards, and cost targets.
• Guided the work of technical teams, communicating project goals and scope and
translating business needs into technical terms.
• Acted as a liaison between the development team and the client, interacting to gather
requirements and ensure that they were incorporated into the project
• Communicated with 3rd party vendors and implemented APIs with the current architecture.

• Possessed strong communication and interpersonal skills, and quickly adapted to new

technologies and development practices.

• Achieved project deliveries, and maintained high-quality parameters and bottom-line

expectations.

• Worked with the product owner to define and prioritize the product backlog.

• Acted as a servant leader for the team, coaching and mentoring members.
